For 9.15 Operational Renewal School Millage Vote Slated For Monday

Next Monday, August 16th, voters in the Crawford-AuSable School District will be asked for a second time to approve the renewal of 9.15 Mills for operational purposes that expired this year.

Voters turned down the renewal millage the first time by a 755 to 575 margin at the annual school election, June 14th.

Wording of the proposal that will appear on the ballot is as follows:

"Shall the limitation on the amount of taxes which may be assessed against all property in Crawford AuSable School District, Crawford, Otsego and Kalkaska Counties, Michigan, be increased by 9.15 mills (\$9.15 on each \$1,000.00 of state equalized valuation) for the year 1976, for the purpose of providing additional funds for operating purposes (this being a renewal of 9.15 mills for operating purposes which expired with the 1975 tax levy)?"

Open Meeting On School Millage Issue

By Michael Delp
Avalanche Staff Writer
150 School District voters turned out Monday night for an open meeting in the Joseph Stripe Auditorium to present the Crawford AuSable Board of Education with questions concerning the school millage issue.

The meeting was moderated by Wayne Hindmarsh who read questions written down by the audience.

In addition to the members of the School Board, Fraser Dean Superintendent of Schools, Paul Lerg, Business Manager; Michael Branch, high school assistant principal and Kent Reynolds, high school principal were present on stage to help answer questions.

Ruppe's Aid Here August 18

WASHINGTON — Northern Michigan Congressman Phillip E. Ruppe, R-11th District, announced today that his lower peninsula district representative will hold office hours in Crawford County on August 18.

Jerry Newhouse has scheduled office hours from 1:30 to 2:30 at the Crawford County Bldg. in Grayling. Any area citizen wishing to discuss a matter involving the Federal government is invited to visit at that time. No prior appointment is necessary.

2 Petition For Recount of Primary

Following two close contests in the primary election, Crawford County Clerk, Leo Lovely, reported Tuesday that Prosecuting Attorney John B. Huss and Arthur F. Clough had petitioned for a recount in the county.

Both Huss in his bid for reelection and Clough in his candidacy for Sheriff were defeated by 14 votes.

Huss has petitioned for recounts in Precincts 1 and 2 of Frederic Township, Maple Forest, Lovells, Beaver Creek and both precincts of South Branch Township.

Clough has petitioned for recounts in Beaver Creek, all three precincts in Grayling Township, both Frederic precincts, Lovells, both precincts in South Branch, precinct 3 in the City of Grayling, and all the absentee ballots in the City and Township of Grayling.

Burton's To Stephan's Gets New Look

The Crawford County Youth Services River Program has finally completed the stretch between Burton's Landing and Stephan's Bridge. Final count was over eleven, 55 gallon bags of trash.

This week, Youth Services will begin removing trash from Ray's Canoe Livery down to Burton's. An earlier check of this area leads us to believe an equal amount of garbage is in the river.

Following is a list of those who have contributed to our River Clean-Up Program:

Canoe Liveries: \$50.00 was received from Ray's Canoe Livery.

Realtors: \$20.00 was received from Peoples Realty in Bay City.

Individuals: \$10.00 from Mary Cecil, \$10.00 from Rosalind Johnston, \$20.00 from Dr. G. Robert Schwartz, \$15.00 from Thelma K. Park and Mary Park Jackson.

Businesses: \$20.00 was received from the Avalanche.

We thank all of you for your generous contributions.

Unfortunately the community support seems lacking. That's difficult to understand, considering that the AuSable River is one of the major assets of this area. I have trouble accepting the fact that so many people complain about littering and so few respond to a program aimed at curbing the littering problem.

With the summer youth employment program coming to an end August 15, our river program with sufficient funds could serve some of these young people by extending their employment.

Once again I must appeal to the sensitive people of this community. Let's do something progressive with the AuSable, let's clean it!

Do your part - please support our AuSable River Clean-Up Program. It benefits everyone. Send donations to: Crawford County Youth Services, Crawford County Courthouse, Grayling, Mich. 49738. Thank you.

Robert Smock, Jr.
Youth Services Director

WARNING

Annual Training will be conducted by units of the Army and Air National Guard and Army Reserve during the period 11 thru 27 August 1976. The various ranges located at Camp Grayling will be utilized during this period.

These ranges will be closed during the above dates and all persons are warned to stay out of these areas.

Marathon Canoe Sprint

Brett Stochton and Tony Short finished first during the Milltown Canoe Sprints held during the Third Annual Milltown Festival. The race, which ran from the I-75 Business Loop Bridge to Stephan Bridge took the winning team 1 hour and 40 minutes to complete.

The second place team of Craig Calkins and Brock Denton finished in 1 hour and 50 minutes, and the third place of Joel and Ted Kolka ran the course in 2 hours even. The sprint race will be an annual occurrence during the Milltown Festival and is open only to amateurs. Dave Wyss was chairman of the event.

38th Inf. Division in Final Week

[Special to The Avalanche]

Camp Grayling — National Guardsmen of the 38th Infantry Division are winding up two weeks of annual combat readiness training with a diverse range of maneuvers.

Small unit training, coupled with specialized programs such as air-mobile, anti-armor and assault river crossings, dominated the training schedule.

About 11,000 Guardsmen are on hand for the training and they will begin returning to home armories in Indiana and Michigan this weekend.

A major awards ceremony highlighted the annual review of the 38th Division as Guardsmen paraded before a distinguished group of visitors which included Indiana Governor Otis R. Bowen; Lieutenant General Sam F. Walker, deputy commanding general of the Army's Forces Command, and Major General Alfred F. Ahner, Indiana Adjutant General.

Major General Howard S. Wilcox of Indianapolis was awarded the Legion of Merit, marking the culmination of a distinguished military career which included service as the 38th's commanding general and recently in a mobilization designee assignment as assistant deputy commanding general for reserve affairs at the Army's Forces Command.

The award citation called attention to his contributions toward more efficient management of Reserve Forces and toward more effective ties between the active Army and state adjutants general.

Three National Guard officers were honored by receiving the Army's Meritorious Service Medal.

Colonel Duane H. Bartram, Grand Lodge, was awarded the medal for service as commander of the division's 46th Infantry Brigade.

Colonel Alexander F. Del Bianco, Indianapolis, was cited for meritorious service as the division's chief of staff from 1967 to 1973.

Colonel Paul G. Lewis, Shelbyville, Ind., received the medal for exceptionally meritorious service as commander of the 38th Aviation Battalion in 1972 and 1973.

Among recipients of the Army Commendation Medal was First Sergeant Robert W. Finkbeiner, Lansing, Michigan.

Arson Cooled Down In Michigan

GRAND RAPIDS—Arson for profit, or any other reason, doesn't pay in Michigan - unless you're on the right side of the law. Foremost Insurance Company paid its first \$2,000 arson conviction reward in Michigan to a resident of Rawsonville Woods Mobile Home Park in Belleville.

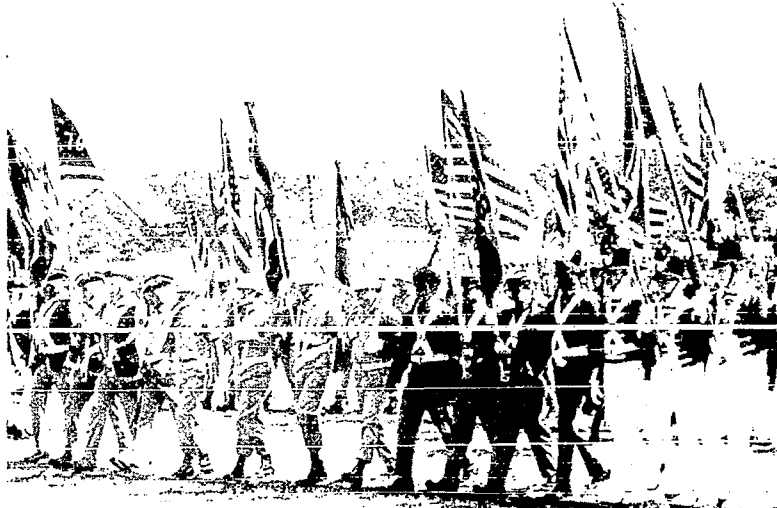

The Wayne County resident, who wishes to remain anonymous, assisted police, state fire marshals and a team of Foremost arson investigators in obtaining the arrest and conviction of two mobile home arsonists. The recipient of the reward suspected arson due to

Hearing On Rivers Use August 18th

County residents will have one last chance to voice their concerns over proposed Senate Bill No. 1506 at a public hearing August 18th, in the Joseph Stripe Auditorium at 10:00 a.m. located in Grayling High School.

The bill, sponsored by Senators Kammer and Faust "is a bill to provide for the designation of certain rivers in this state as special waters; to regulate the use of certain rivers; to license the watercraft which may use those rivers; to prevent overcrowding and preserve the aesthetic and ecological values of the state."

According to information supplied by the DNR "Michigan's rivers are becoming more and more overcrowded each year. Problems of overuse, conflicts of interest, trespassing,

November General Election Slate Set for Crawford County

Crawford County voters picked their candidates for November in last Tuesday's primary election where the biggest contest was for a congressional seat. Democrat Donald Riegler was able to defeat several challengers for his party's nomination and will be opposed by Republican Marvin Fsch.

In another congressional race, Democrat Francis Brouillette will be facing Republican Phillip E. Ruppe for the representative spot from the 11th District.

In a state contest, Democrat Dean L. Welch will be opposing Republican Ralph Ostling for the 103rd District State Representative seat.

Gardening Know - How Pays Dividends

by Willard Bosserman, County Extension Director

Connie Stampfly, above, operator of Wert's Lone Pine Restaurant was one of 28 Grayling residents to take the vegetable gardening course last spring. "This is the last year I am going to try to grow a garden if it doesn't turn out any better than other years", she threatened.

With the knowledge gained at the vegetable gardening course she applied organic matter, some 5-10-10 commercial plant food and lots of water. The results are great big radishes she serves her customers at the restaurant. The rest of the garden is doing well also.

Mrs. Stampfly also grew strawberries that were used in the restaurant and plans to serve sweet corn later this summer. I am happy to see her garden such a success and wish her many more years of successful gardening.

Ronald E. Green has a garden at the COOR community gardens. He lives in Royal Oak most of the year, but spends his summers at Higgins Lake. He has been coming up here for the past 40 years. He has been gardening only the last two or three years he says. His garden at the community farm is typical of many fine gardens growing there. He wasn't here to take advantage of the informational meeting held last May, but his garden is next to Lester Stanley who spear-headed the gardening program at the COOR farm, and he gathered many pointers from him.

A vegetable garden clinic was held in Houghton Lake as well last spring with equal results with gardens this summer. The vegetable garden course was a cooperative venture between the Grayling High School and Cooperative Extension Service.

Don't Worry

While campaigning for office, a politician was once heard to comment, "I'd rather be right than be elected." "Don't worry," was the reply from the audience, "you'll never be either."

Bits O' Talk

by Fay Bovee

Mike Gardner of Green Bay, Wisconsin has arrived home to stay with his parents, Mr. and Mrs. Vernon Gardner for an indefinite time.

Mrs. Janet Bierkamp and daughters, Michelle and Kimberley are spending two weeks with her parents, Mr. and Mrs. Arnold Tucker at Lake Margrethe. Her husband, Bruce, is in training at Camp Grayling during this time.

Grayling may not have planted petunias along the streets this year, but some of the local residents are doing their share to keep up the image of the petunia city. Hattie Adutt Foster Home on Chestnut Street has a nice planter full of the colorful flowers as does the Bob Holzman home on the corner of Chestnut and Ogema Streets. One of our loyal readers also brought to our attention the George Warren home on Arthur Street on the South Side. They have a yardful of petunias and marigolds and probably some others that we didn't identify. They look as though they've received plenty of tender loving care. There are also some healthy looking vegetable gardens in evidence around town. Who says one can't grow anything in the poorest soil in Michigan?

Dale Pettengill and son, Allen of East Lansing visited his parents, Mr. and Mrs. Dale Pettengill and his sister and family, the Paul Juntillas, over the weekend.

Mrs. Don Gothro and Mr. and Mrs. Harvey Rowland have returned from a European trip. They flew to Paris and then toured several countries by bus. On their return, they flew from Rome to London and then to New York.

Mrs. Ted Carlson, Heather and Jason spent the weekend visiting Mr. and Mrs. Russell Carlson and Mrs. Don Gothro. David Carlson accompanied them and visited Tom Feldhuaser and his grandparents, Diane Eckles of Gaylord, another granddaughter of the Carlsons, returned home with Karen.

Passage of the 9.15 millage renewal for the Crawford AuSable School District on August 16th will prevent half day sessions for students. Unconstructive use of too much free time would result in chaos in the juvenile courts.

Forced closing of the Frederic Elementary and Grayling Middle Schools would be avoided and would allow the use of buildings we already have.

Vigilance by concerned citizens such as myself has kept the total instruction expenditures per pupil at a rank of 500 out of 530 school districts in the State of Michigan. I will continue to maintain my concern over fiscal responsibility.

Chamber Newsletter

Milltown Festival Termed Success

We've received a lot of favorable feedback on this year's Milltown Festival and are already beginning to plan for next year. Any ideas and help you might offer will be greatly appreciated. Special thanks to "super" volunteers Wayne Hindmarsh and Howard Taylor for their efforts.

New Manager Sought

The Chamber Board is interviewing potential candidates to fill the vacancy left by Mike Steele. Mike will be leaving August 27, 1976 to accept the position of Executive Director of the Greater Lapeer (Michigan) Chamber of Commerce. With these changes and a new secretary Brenda Byce, we'll need your continued support. Brenda assumed her post in May, 1976.

Economic Education Program Expanded

The Chamber will continue to expand its economic education program, begun this year. In addition to the Youth Business Dialogue, the Chamber will be sponsoring a five (5) part film series, "American Enterprise", which will be shown to area high school students beginning in October.

Chamber Program of Work Re-examined

In upcoming weeks the Chamber's "Program of Work" will be examined to determine where it can be improved, which old programs are obsolete, and what new programs are needed. Your ideas and comments will be appreciated.

September is Membership Month

September is membership month, and we've already received many membership renewals. We're proud of the many accomplishments of our Chamber and look forward to the challenges of the future. We feel membership in the chamber is an obligation which all businesses should meet. Believe it or not we do have some businesses in Crawford County who do not support the Chamber and are brazen enough to exploit to the fullest its promotional efforts. EVERYONE SHOULD PAY THEIR FAIR SHARE! If you are not a member and would like to belong, call membership chairman Bill Millard, 348-9021, or the Chamber office for details.

Tourists Turn West

According to a report last week in a national magazine, the tourists have been avoiding the east coast following the 4th of July Bicentennial Celebrations. The trend has been to the Mid-West and Western States, and Michigan in July was up 8-10% over last year's July. Let's hope the trend continues, East Coast restaurants and Hotel-Motels are bitterly disappointed that the Bicentennial Bang fizzled after the Fourth.

District Court

The following appeared in the 83rd District Court before Judge Francis L. Walsh last week:

Bonjamin Chancy, 32, of Contract, demanded preliminary examination on charges of felonious driving, carrying a concealed weapon and possession of phencyclidine.

He is lodged in the Crawford County Jail under \$20,000.00 bond. Chancy was arrested on the driving charge on a citizen's complaint and on the other two counts by Gaylord State Police July 28.

Robert Fred Clayfield, 21, of Madison Heights and Jennifer B. Herczeg, 19, of River Rouge, demanded preliminary examination to a charge of possession of phencyclidine. Bond was set at \$1,000.00. They were arrested by City Policemen July 17.

Doris Hop Jackson, 39, of Grayling pleaded guilty to a charge of D.U.I. Total fine and costs were \$205.00 or 14 days in jail. Jackson was arrested May 6 by Sheriff's Deputies.

Jim William Shirkey, 19, of Grayling was ordered to pay \$205.00 or serve 14 days in jail after pleading guilty to driving while under the influence of intoxicating liquor. City Policemen arrested Shirkey May 30.

Theodore Thomas Fox, of Roscommon, paid \$85.00 in fine and costs after pleading guilty to reckless driving. Sheriff's Deputies arrested him July 19.

Kenneth J. Brabender, 29, of Grayling, pleaded guilty to impaired driving and was ordered to pay fine and costs of \$185 or serve 14 days in jail. Gaylord State Police apprehended him December 12, 1975.

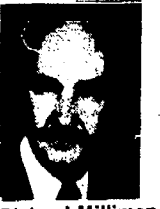

George C. Sandstrom, 18, of Mt. Clemens, was ordered to pay fine and costs of \$185.00 or 14 days in jail after pleading guilty to impaired driving. He was arrested July 26 by Sheriff's Deputies.

Darlene Frisbie, of Grayling entered a plea of nolo contendere to a charge of cruelty to an animal. Total fine and costs were \$85.00 or 10 days in jail. She was apprehended on a citizen's complaint June 29.

Edgar Wesley Harris, 36, of Lake City, pleaded guilty to a charge of disorderly person by intoxication in a public place and was ordered to pay \$65.00 or serve 7 days in jail. He was arrested by City Policemen August 1.

Almanack

One down, one more to go

Richard Milliman

One down and only one more to go. After what seems like a pair of eternities, the presidential political marathon is nearing its finish line. And about time, too.

The Democratic national convention has dutifully endorsed the selection of its primary voters and selected the Hon. James Earl Carter, Jr., of Georgia as its presidential candidate.

And why not? Using the system as it now prevails, the estimable gentleman from Georgia put together an unbelievable and undeniable assault upon the Democratic presidential nomination. Carter was not to be denied.

And just so, the Democratic delegates ratified Carter's choice as a running mate — a man whom Carter pegged as completely compatible with his own views, and completely competent to take over the helm of the country if Carter, as President, could not finish his term.

That would be, of course, Sen. Walter Mondale of Minnesota. I say "of course" because under the circumstances is a logical choice, where someone like Sen. Edmund Muskie or Sen. John Glenn or Rep. Peter Rodino or Sen. Frank Church would not be so logical... logical, perhaps but not quite so logical as Mondale.

Of course, in the strangest of political years, traditional logic usually has been the first casualty of any political development. Not so, however, in the selection of Mondale.

Carter and Mondale make a formidable team to do battle for the Democrats. They may well win the White House, and may well win so handily as to carry with them Democrats down the line in the state and local hustlings much the way President Johnson carried his ticket back in 1964 against the Goldwater candidacy. It could happen.

I'll have to admit I did not spend rapt hours glued to the tube in anticipation of every development at Madison Square Garden, and searching for every nuance of every move or feint by the Democratic movers and shakers.

Perhaps it is that the Democratic convention ran competition to the summer convention of the Michigan Press Association this year, and I preferred the allure of Shanty Creek Lodge and its golf course and other

attractions to the relayed pseudo-excitement of a fore-ordained political convention. I'm sure that was part of it.

Perhaps it is that the unrelenting efficiency of the Carter campaign destroyed the essential ingredient of uncertainty and suspense, although the Mondale choice was billed to fill that void, which, I suppose, it did for some down-the-line party faithful, of which I am not. That was part of it, too.

And perhaps it is that the passing years have dulled my personal appetite for the presidential process controlled, as it is, by the sheer illogic of the preferential primary system, and encouraged to an almost sinful degree by the public financing of even hopeless causes, all in the name of equality and fairness, and other things that sound good. Egad, my appetite dulls even more as I simply recount the sentiment.

You've got to take your hat off to Jimmy Carter. Like Caesar of old, he came, he saw, and he conquered, and the nominating system bent to his indomitable will, sheer determination, and unrelenting pursuit. His methods and their success, in my view, speak much of the man and his potential administration.

There were high points at the convention, to be sure. I'd have to agree with most assessments that Rep. Barbara Jordan and her keynote speech was one; that the appearance of the Rev. Martin Luther King, Sr., was another; and that the over-riding theme of unity, and what such a development meant in light of only the recent past of the Democratic party, must be yet another.

Then, too, thousands of delegates and convention-goers learned first hand that New York City is not dead after all, and that it can, indeed, be a fine place to visit — although most of them wouldn't want to live there.

Now it's on to Kansas City and the Republican convention in another few weeks.

Can the Ford and Reagan show, with all its ratification, possibly top the Democratic performance for sheer vitality, sustained interest, intrigue and conversion of the wavering faithful.

Well, choose for yourself; keep in mind the site switches from New York City to Kansas City. 'Nuf said, me thinks.

First Baptist Church of Frederic
Our former pastor, Clair Olin, delivered the message of the day for our annual Homecoming in our church Sunday, August 8. Many former residents gathered there and we were pleasantly surprised when 84 young people and their sponsor from their church in Nashville, Michigan joined us.
Lillian Hartig Haiderer, now of Saginaw, a former resident, was our pianist for the morning service. Everyone enjoyed a good time in the Lord's house. That evening, Mr. and Mrs. Gail Bradstreet and family were honored with a farewell service and refreshments. Mr. and Mrs. Bradstreet are going to attend Bible College in Grand Rapids this fall.
Our pastor and the juniors went to camp last week and the seniors this week at Camp Ocqueoc, Mich.
CARD OF THANKS
To the voters of Frederic Township, I would like to thank you for your support in the recent Primary.

Mercy Hospital News
The following are among the patients at Mercy Hospital this week: Curt Evans, Lida Goodrick, Johanna Gorman, Edward Henry and Christine Loose, all of Grayling; Carolyn Murphy and Kendal Welch of Frederic.
A son, Patrick Ronald, was born to Mr. and Mrs. Ronald Murphy of Grayling on August 4, weighing 9 lbs, 14 1/2 ozs.
On August 5, a 7 lb, 7 oz, son was born to Mr. and Mrs. David Meyers of Grayling. He has been named Matthew David.
Mr. and Mrs. Gary Loose of Grayling are happy over the arrival of a daughter, weighing 7 lbs, 7 ozs., on August 10. The little lady had not been named as we went to press.

Lions Club Appreciate
The Grayling Lions Club would like to extend their deepest appreciation to the local businessmen and individuals who bought circus tickets for children to attend the circus.
A special thanks to Bear Archery for the large amount of donated tickets.
The children who attended the circus enjoyed themselves and saw different animals and acts.
The circus was a financial success and will enable the Lions to help buy eyeglasses for the needy in the community. All projects of the Lions, such as the circus and the barbeque at the Milltown Festival, are used for the community through sight conservation.
The Lions Sight Mobile will be coming to Grayling October 31 through November 6. The club also collects old eyeglasses.

Bride To Be
Mr. and Mrs. Harold Goinick of Grayling announce the forthcoming marriage of their daughter, Julie Ann, to Mark Michael Mitchell, son of Alma and Robert Mitchell of Detroit. The wedding will take place at St. Mary's of Grayling on August 28th.

Golf Auxillary
A low gross of 40 which will probably hold the record for the summer's play in the Wednesday Golf Auxillary was shot by Corrine Smith on August 4. She also captured low net, 33, and low putts, 14 for Flight A. In Flight B Liz Vajda shot low gross, 52; Jean Dopp, low net, 31; and Liz Vajda and Helen Schrems, low putts, 16.
A delicious lunch of ham, bean salad with fresh garden lettuce, homemade rolls and lemon tarts was served by the committee of Donna Denton, Corrine Smith, Rhonda Zuehke and Shirley Bendig.
Don't forget to sign up for the Golf Party on August 15.

Frederic Township Community Association

Thirty-nine persons were present at a meeting Thursday, July 22, at the Frederic Township Hall for the organizational meeting of a community interest group, which is an enlargement of the Frederic Business Association, into an entire township group. Chairperson was Mr. Chet Orlikowski. The name "Frederic Township Community Association" was adopted by unanimous decision following discussion. Interim officers chosen until election are Chet Orlikowski, Chairperson and Barbara A. Selesky, Secretary. A charter committee was formed and asked to have a report ready for the next meeting. A discussion was held on the goals for the organization and are to be used in drafting a charter and constitution.

The next meeting will be on the third Thursday in August - August 19th - at 7:30 p.m. in the Frederic Township Hall. All residents of the Township are urged to attend and see what is happening and also to participate.

A light lunch was served.

Corwin Cousin Reunion

The eighth annual reunion was held Saturday, August 7th, at the old Corwin farm home with over 40 attending and enjoying a wonderful dinner, from some of the best cooks in the country, in an old Corwin tradition. The afternoon was spent hashing over old times, following the business meeting at which all existing officers were reappointed.

Keith Raymond volunteered to furnish material for preservation of our picture board. Ken and Ruth Hoelsi, as usual, had their unbeatable homemade ice cream, which was enjoyed by all.

Among those ill and unable to attend were Edna and Tony Trudeau, Verna and Forest Barber and Carl Hanson. We'll be looking for you next year.

Only one family, that of yours truly, had representatives from four generations present.

Those from out of state attending were Helen Lamm from Florida, Jay Corwin from Ohio, Alica Tracy and sons from Washington.

Hope to see you all and more next year.

Your President and Host
Evcrett E. Corwin

State of Michigan Michigan Tax Tribunal

Townships of Grayling, Frederic, Lovells, Maple Forest and Beaver Creek, Petitioners

v.
Crawford County Board of Commissioners, Respondent
MTT Docket No. 14796
ORDER OF DISMISSAL OF
COUNTY EQUALIZATION
APPEAL

AT A SESSION OF THE MICHIGAN TAX TRIBUNAL, held in the City of Lansing, Michigan on the 28th day of July, in the year of our Lord one thousand nine hundred and seventy six.

Tribunal Judges Present:
Don D. Cramer
Eugene D. Lloyd
Charles P. McDonald

This cause having come on for preliminary hearing on July 28, 1976, upon Order of the Tribunal for the purpose of examining the basis of Petitioner's allegations and nature of proofs pursuant to MCLA 211.34; MSA 7.52, tending to show "...that the equalization complained of is unfair, unjust, inequitable or discriminatory..." and thereby to determine the need for further proceedings in this cause; and

Based on the testimony and exhibits presented by Petitioner, Township of Grayling, it is the unanimous opinion and decision of this Tribunal as stated in the record that there has not been a sufficient showing of any unjust, unfair, inequitable or discriminatory treatment of the Township of Grayling by Respondent, Crawford County Board of Commissioners, to warrant a continuation of this cause;

IT IS THEREFORE ORDERED AND ADJUDGED that the appeal of Petitioner, Township of Grayling, from the county equalization for the year 1976 be and is hereby DISMISSED with prejudice but without costs to any party.

In regard to the other named Petitioners, being the Townships of Frederic, Lovells, Maple Forest and Beaver Creek, it appears and this Tribunal so finds that such parties never validly perfected their appeals in accordance with the Tax Tribunal Rules of Practice and Procedure due to the failure of each of these townships to pay the required filing fee or to file a petition setting forth facts upon which each petitioning township relied in its claim for relief.

IT IS THEREFORE ORDERED AND ADJUDGED that the appeals of the Townships of Frederic, Lovells, Maple Forest and Beaver Creek from the county equalization for the year 1976 be and are hereby DISMISSED with prejudice but without costs to any party.

Editor's Mailbox

August 9, 1976
To the Editor:

I read the letter to the concerned parents and taxpayers in the August 5, 1976 Avalanche. The last paragraph stating "our children are people so let's try to give them the education they deserve, the "beefs" can be dealt with after the school doors have opened in September," is really quite asinine!

The "beefs" are the costs the administration has burdened the taxpayers with over the past years. This is why the millage was voted down. The taxpayers can't get the beefs dealt with after the doors are opened - once approved, the administration spends - they aren't going to cut costs after the millage is approved - it must be done before. Where has the administration cut costs in the past few years? The time to deal with the "beefs" is now!

When you purchase a new house or whatever you don't go back later to get some of the price returned or the house painted or something. The negotiations are over when the contract is made. The negotiations should have begun after the last defeat of the millage. That was when the administration should have tried to show their sincerity by lowering the "asking for" millage instead of plastering the papers etc. with advertisements to sell the people on something they already said NO to. Negotiations are open, I am sure, after we are shown some sign of compromise.

Concerned Taxpayer,
Walt Allington

Robert A. Stenger Elected Chairman of "Consortium 8"

Kirtland Community College's President, Robert A. Stenger, has been elected Chairman of the Consortium 8. The Consortium 8 is composed of eight community colleges serving the northern third of the lower peninsula, and all of the counties of the upper peninsula of Michigan. The eight community colleges are: Alpena Community College, Bay De Noc Community College, Gogebic Community College, Kirtland Community College, Mid-Michigan Community College, North Central Michigan College, Northwestern Michigan College and West Shore Community College.

The Presidents of the above named colleges comprise the board members of the Consortium, and together with the

chairman, will provide the leadership and direction for the organization for the coming year.

The purpose of the Consortium is to acquire funds, both public and private, for extended service and out-reach programs in the rural areas of Michigan that these colleges serve.

The service area of the colleges in the Consortium consists of 46 counties with approximately 10% of Michigan's population scattered across 58,216 square miles, which makes the delivery of educational services more difficult and challenging.

Some of the problems common to each of the college service areas in the Consortium 8 are:

—The large geographic area of each of the college's service area.

—The population is quite dispersed since there are no large metropolitan areas.

—The small amount of industry that does exist are not growth-type industries; in addition, there is not a good diversified industrial mix.

—Employment tends to be seasonal.

—The people in these service areas do not have convenient exposure to cultural programs such as music and art.

—Due to limited funds at each of these schools, it is impossible for each of them to have the program mix and course mix which is necessary for each of their individual service areas.

It is the consensus of the members of the Consortium that various programs could be cooperatively developed and used on a shared basis to overcome the problem of wide distribution of population.

Special Census

(Continued from page 1)

funds. In addition to the township the county government will receive more funding as they also qualify under the revenue sharing act.

Grayling Township officials and staff are busy preparing necessary maps and other materials required to conduct the census. Present information indicates we will need 6 to 8 people to work as census takers. Specifically we will be looking for people with a good knowledge of the township. If you are interested in this work please contact the Grayling Township office in the City building or call 348-4361.

A number of other townships have expressed interest in conducting special censuses. It is my opinion that most townships in Crawford County could qualify under this act. The County Board of Commissioners have expressed an interest in a special census. As a unit of government however they do not have the authority to take a county-wide census. It must be carried out at the township, city, or village level according to my information.

In the first paragraph of this article I noted a township must have levied at least one mill to qualify under this act. I would also like to point out a little known fact about the revenue sharing programs. Part of the formula for determining the amount of money coming to a unit of government is the number of mills spread for operation of that unit. If a township does not spread at least one mill a substantial reduction is made in the per capita dollar return to that township. With the revenue sharing programs making up such a large portion of township income the question of any millage reduction below one mill is almost impossible and still maintain the township operation.

2 Viking Grapplers Win Gold Medals

Coach Don Ferguson took his wrestlers to the Mid-Michigan Olympics on Saturday July 31st in Sheperd.

There were twenty six schools competing for the gold medals in the wrestling competition. Two of the Viking Varsity wrestlers came home with gold medals. Grant Byce at 150 pounds and Bill Kellogg at 120 pounds. These boys faced very strong competition and worked very hard to receive their gold medals.

Tim Ferrigan, a junior high student in the 80 pound class came home with a second place. Norm Theaker brought home a third place and Burt Partello took a fourth place. Many other boys competed from Grayling and gained lots of experience which they hope to put into use next season.

Area Fishing Report

(By Skip Madsen)

The weather has cooled somewhat and the fishing has picked up with some good catches of pike coming from Lake Margrethe mostly on live minnows.

According to guide Dave Weiss the lower Manistee from CCC to Sharon has been quite productive on skunks and hoppers.

According to DNR officials we are starting to show up on the AuSable and Harrisville even though they seem to be still some distance off shore. They come in and out with water conditions.

Fall is just around the corner and soon hunting season's will be upon us. Quite soon the state will have to make licenses larger in size to accommodate all the required stamps. Waterfowl hunters will be required to buy a new state waterfowl stamp to hunt ducks this year. However, all for a good cause.

Recently the Crawford County Youth Services program became involved in a project to help keep the rivers clean of litter. It seems to be a worthwhile cause and they are soliciting aid from some local citizens. If you are interested in helping, call Robert Smock Jr. at the Crawford County Courthouse and find out about it.

Good Fishing, Skip

littering, pollution and environmental degradation are with us today and escalating each year.

During peak-use periods on the AuSable, Manistee, Pere Marquette, and Pine Rivers and possibly some others, it is virtually impossible for anyone to enjoy a quality recreational experience due to overcrowding," they stated.

Opponents of the bill, namely local canoe livery operators, see the bill as a threat to their livelihoods. Other opposing viewpoints are that passage of the bill would put unneeded restrictions on river use and that many recreational pastimes would be severely limited or possibly eliminated as a result of regulations. All interested citizens are urged to attend.

Anything for tradition

Jim Fitzgerald

For the Fitz family, it has become a tradition to return to Port Huron for the start of the famous Mackinac sailboat race.

For me, as the only son in the family, the big weekend has developed into a tradition within a tradition. That is, it is not only traditional that I be there for the race. It is also traditional that I never see the race.

My father died several years ago, so there is no one but me to pass on the family name and the varied wisdoms which he attached to it.

My oldest of four sisters, Terrible Jean, tried to horn in on my pass-on privilege by marrying a Fitzgerald, but that doesn't count. In fact, it only confused a lot of people.

Terrible Jean and I were both a long time getting married. As we approached our 30th birthdays, still single, the pressure from our mother became intense. She wanted us to get out of the house and get wed. She was afraid she'd never have grandchildren, and she was also afraid she'd never have anyone in our bedrooms who paid rent.

Terrible Jean was the first to falter. The confusion came when her engagement was announced in the local newspaper. When some of her friends read she was marrying a guy of the same name, they went into incest shock.

"Those poor kids got so sick of being nagged by their mother, they are marrying each other," someone said.

It wasn't true, of course, and I still feel guilty about not returning my half of the wedding gifts.

But I digress. I was talking about Dad and the family's Mackinac tradition. He lived by the St Clair River and Lake Huron all of his life. Over 40 Port Huron-to-Mackinac races practically splashed him. But he never looked at one.

His explanation was simple: "I can't get excited about a race that begins here on Saturday and ends 300 miles away next Tuesday."

This is the tradition to which I was born, and to which I remain faithful. The start of the Mackinac race is a thrill for the participants, for sure. But for the audience far away on shore, there is more excitement in watching a three-legged race at a Kiwanis picnic.

It wasn't easy for me to avoid seeing the race start this year. Living in Detroit there is a crazy insurance man named Bob Adams who owns a huge tugboat. He is also a native of Port Huron and he used to belong to the neighborhood

mafia which was led by Terrible Jean who was later portrayed in the movie by Marion Brando.

Adams thinks it is great fun to pile all of his friends onto the tug and chug out into the lake where the race starts. Terrible Jean enjoys this seven-hour outing to the incredible extent of continually jumping off the third deck with a great whoop, thus splashing fish onto cars passing overhead on the Blue Water Bridge.

When I refused Adams' invitation, pleading lost barnacles, Terrible Jean was quick to call me a big sissy. This is the same thing she called me 45 years ago when we played follow the leader and I refused to follow her into the French Foreign Legion.

I'll tell you, these Mackinac family reunions can be a traumatic experience for a sensitive man who still nurses the scars of a childhood spent with four sisters, one mother, no brothers, and a father who had sense enough to be a traveling salesman. The biggest surprise of my teen years was to be drafted and learn that Adolph Hitler wasn't a woman.

So, if the race bores me, and my sisters abuse me, why do I show up in Port Huron every year at Mackinac time?

For the spectacle.

I don't mean the spectacle of white sails on blue water. I mean the spectacle of my four sisters and their various husbands at the same party, boisterously reliving old sins and falling hilariously into new ones, trying mightily to outdo each other in their efforts to embarrass me, the only gentleman in the clan.

This year's prize went to Bill, husband of Terrible Jean, who set the fashion pace at the before-race dance.

When he was ready to leave, he had trouble finding his own windbreaker. He tried on 10, while taking off none, and appeared prepared to break the biggest wind.

Someone pointed out he was wearing the laycred look, currently stylish, and he began to model it by shedding it, with a drum roll for each shed, and a cymbal crash poised for skin.

But Terrible Jean descended upon him like a November squall. Ten windbreakers were Kleenex, and Bill disappeared in a magnificent swoosh, never to be seen again. He may have been the first boat into Mackinac.

There are more dangerous things than having Terrible Jean for a sister. I am certainly glad our mother frowned on incest.

The Chamber Of Commerce Is Important

by Willard E. Bosserman
County Extension Director
The local chamber of commerce and tourist association are thought to be primarily responsible for promotion of tourism, but these organizations can only do as good a job as finances permit.

"Any business that benefits from tourism has a moral obligation to support the organization promoting area or regional tourist traffic. The more people attracted to the community, the more individual businesses will share in the dollar flow," says Dr. Robert McIntosh, Michigan State University Extension tourism and resort specialist.

The amount of this dollar flow, however, is a direct reflection of the magnitude and quality of the job done to attract tourists. This takes dollars. Unless there is financial support for the organization which has as its primary purpose the promotion of tourism, then an insufficient job will be done and nobody will reap the benefits. But if a competent job was done then all of the businesses in the community will reap their share of the benefits. Their share of a much bigger pie will consequently be much larger. It takes money to make money and if everyone had the attitude of, "let George do it," hardly any promotion would be accomplished.

Tourism is so closely aligned with other businesses that an expansion or stimulation of the travel industry importantly affects these other types of businesses. For example, more than \$22 billion is invested in the nation's motel properties alone. Investments in restaurants and other types of food services are vastly larger than this.

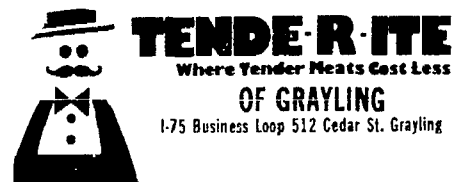

This investment had to be created by the construction industry and that in turn stimulates wood, metal, plastics, chemical, and plumbing industries. Furniture industries benefit as do other similar supply enterprises.

As for supporting businesses, motels must have supplies and services such as laundry, public utilities, repairs and maintenance services, room supplies, food and beverage supplies, and other goods and services. Therefore, all of these supply businesses rely in part on their sales to establishments that serve the traveling public.

For more information read "Tourism in Your Community," Extension Bulletin E-729 available from your county Extension Office.

You may obtain one by writing our office, P.O. Box 507, Roscommon, MI. 48653.

your week ahead BY DAMIS

Forecast Period: August 15 to August 21

ARIES
Mar. 21-Apr. 19
It's no secret, you always enjoy good news that comes from afar. Anyway, in one form or another, you'll hear about favorable things, from "far off."

TAURUS
Apr. 20-May 20
Face reality when you weigh "good" against "bad." You'll be surprised with improved affairs of the heart. Balancing the scales on sex questions, is not your strong point.

GEMINI
May 21-June 20
There's a tendency on your part, to enjoy mysterious and complicated members of the opposite sex. You'll meet or, at least, take the first step toward meeting such a person.

MOONCHILD
June 21-July 22
In the few weeks to come, don't become sidetracked by problems that are not yours. Stay with your own projects, task and missions. Also, get more advice than you give.

LEO
July 23-Aug. 22
Your chart shows a rather pleasant series of events, nothing too emotional. Without being aware of it, you'll spend most of this week living in the past, mentally.

VIRGO
Aug. 23-Sept. 22
Strange, very strange, events are forecast for this cosmic cycle. Look for opposition to come from a friendly source, and, understanding to flow from your competition.

LIBRA
Sept. 23-Oct. 22
You're not one who likes to share your problems or worries. If you, really, look into things...too many "fears" are based on self-created uncertainties.

SCORPIO
Oct. 23-Nov. 21
You're in the mood for fun and games, especially with the opposite sex. And, your ability to persuade is at a peak. This week should be interesting.

SAGITTARIUS
Nov. 22-Dec. 21
It's a fact of life, distrust in others is one of your hidden problems. You'll discover how persons will favor you in the long haul.

CAPRICORN
Dec. 22-Jan. 19
Watch how well you perform with the attitude. Who much cares...a hundred years from now! Anxiety is at the bottom of your problems, in general.

AQUARIUS
Jan. 20-Feb. 18
Are you considering breaking off a non-productive friendship? Anyway, you might not be aware of it, but, the feeling is mutual — you'll see!

PISCES
Feb. 19-Mar. 20
There's a big, big difference between charity and the attempt to "buy" romance. Be alert! Many members of your sign are prone to giving things away, this particular week.

Attend the Church of Your Choice

According to pessimists it won't be long before the world blows itself up. Now that man has the capability to wipe out civilization, they say, his unrestrained instincts will drive him to do just that.

In the Ten Commandments, the Sermon on the Mount, the life and message of Jesus Christ, the hopes and destiny of mankind are expressed. Earnest men have been channeling instincts and spiritual energies to positive purpose for generations.

But are man's instincts unrestrained?

Next time someone says "soon—the explosion"... invite that person to come to church with you and your family.

The principles of law, morality, responsibility are the foundations of an orderly society. They have their roots in religion.

Welch-Gould Vows in Mt. Pleasant

Lura Lynn Welch and William David Gould were united in marriage Saturday, June 26, at Sacred Heart Church in Mt. Pleasant. Father John J. Thome officiated at the one o'clock ceremony before some 200 guests.

The bride is the daughter of Mr. and Mrs. Jack L. Welch of 1210 S. Drive, Mt. Pleasant. The groom's parents are Mrs. Lora Gould, 308 AuSable Court,

Grayling, and Mr. Carrol F. Gould of Frederic.

The bride wore a gown designed by George Maurer of ivory imported organdy with the bodice, sleeves and hem embellished with re-embroidered Alconon lace, accented with pearls. Her veil of imported illusion veiling cascaded from a circlet of matching lace and organdy and she carried a bouquet of white roses, stephanotis and baby's breath.

Kathy Gaddis, cousin of the bride was the matron of honor. Bridesmaids were Nancy Dornier of St. Louis, Terri Anson and Leslie Bunting, both of Mt. Pleasant, and Sue Miller of Jackson. Their gowns were of maize floral print organza over maize taffeta, featuring a full capelet collar attached to the scoop neckline and covering the sleeveless bodice. The skirts fell softly from an empire waistline and ended with a deep flounced hemline. They wore silver filigree monogrammed necklaces, gifts of the bride, and carried bouquets of yellow roses, stephanotis and baby's breath.

Rick Gould, brother of the groom, served as best man. Groomsmen were Dave Simansky of Midland, Dave LaGuire of St. Johns, Dave Gaddis of Lansing and Larry Carylton of Royal Oak.

Sue Watters of Mt. Pleasant was the organist. She accompanied Hazen Pittsley, also of Mt. Pleasant, as he sang "The Wedding Song", "With These Hands", "They'll Walk With God" and "Ava Maria". For the recessional, Mrs. Watters played "Joy".

The bride's mother greeted the guests wearing a floor length gown of beige chiffon with amber and rhinestone trim on the bodice and scoop neckline. She wore a wrist corsage of salmon roses and baby's breath.

Mrs. Gould, the bridegroom's mother, chose a floor length lime green chiffon gown with a high neckline accented with sequins and long sleeves. She wore a corsage of yellow roses and baby's breath.

A reception was held at The Embers immediately following the ceremony.

Honored guests attending were Mr. Laurel Welch, grandfather of the bride, Mr. and Mrs. Lauren Bauder, grandparents of the bride, Mr. Harry Baumunk, grandfather of the groom, and Mr. and Mrs. Hazen Pittsley, godparents of the bride.

Following a honeymoon trip to the British West Indies, the couple is residing in Troy, Michigan.

The bride is a graduate of Mt. Pleasant High School and a May 1976 graduate of Central Michigan University, majoring in Communication Disorders. The groom graduated from Grayling High School and Ferris State College School of Pharmacy and is presently completing his senior year at Wayne State University Medical School.

The rehearsal dinner on the eve of the wedding was hosted by Mrs. Gould, the groom's mother, at the Holiday Inn in Mt. Pleasant. She also gave a reception to introduce her new daughter-in-law on July 10th at the family residence in Grayling.

fewer of these and less of this.

It's NAPA, the National Automotive Parts Association. NAPA is the number one organization supplying automotive replacement parts in the United States.

And NAPA is right in step with the sweeping changes facing the automotive industry and the car owner right now.

NAPA has already taken positive, aggressive steps to meet the challenge of cleaning up our environment by supplying parts to keep our cars running longer and cleaner.

Today's critical energy shortage and new safety regulations offer additional challenges to the car owner. To better understand the various systems of your car, how they work, and how to keep them working... look for the NAPA sign where you'll find quality replacement parts and top technicians who have the know-how to use these parts in making lasting repairs. And, they can give you sound

advice on how to avoid those repairs again and explain how you can get more from your car. Let's become responsible about our cars. Together we'll make a lot less junk and pollution. And a cleaner United States.

Shoppenagons' Split Games In Petoskey

Chief Shoppenagons experienced both good and bad luck in Petoskey last week.

Playing North Country Sport Shop on August 2, Chief Shoppenagons must have rolled over in his grave himself as the Shoppenagons team came back in the bottom of the seventh, with two outs, to score five times and come home smiling. Back to back hits by Burkett, Montague, Deals, Smock, and Hasenauer provided the winning margin.

On August 4, lady luck was in hiding. Little Caesars, of Petoskey, proved too much to overcome as Arnie's Arrows were broken, much like the spirit of his ball team. Little Caesars ran away with a 21-2 victory.

Chief Shoppenagons returned to Petoskey to resume A.S.A. action on Monday August 9, against another Petoskey team. With a victory Monday, they could make Tournament finals.

The Frederic Elementary School Addition Under Construction

WE HAVE MONEY TO BUILD IT. BUT NOT TO OPERATE IT. SO THE NEW FREDERIC SCHOOL WILL NOT OPEN THIS FALL.

The total school operating millage is 25.27 Mills. 3.02 Mills of that are for construction. 9.15 Mills of that are up for renewal this year.

Exactly what does 9.15 Mills mean to you? A Mill is equal to .10c per \$100 valuation. Thus, if you have a home that has a state equalized value of \$5,000, the 9.15 Mills means a tax of only \$3.81 per month.
